Pourquoi apprendre en français?

- A greater number of career opportunities;
- A lifelong ability to communicate with French-speaking communities, here in Canada and around the globe;
- Enriched travel experiences, especially to the many countries where French is spoken;
- Superior creativity and problem-solving ability.
- A facility for learning other languages;
- A deeper understanding of their own and other cultures;
- Exceptional mental flexibility and success in mathematical computation.

But I don't speak French...

French immersion programs were designed for students who do not speak French at home.

Parents can help their children by:

- reading to them and with them in English and/or home language;
- listening to their child read in French;
- seeking French community events and organizations;
- encouraging French reading;
- renting French music and movies;
- visiting the library for materials to borrow (French music CDs, magazines, DVDs, books on tape, etc.);
- French computer games, software, and apps;
- watching their child's favourite movie in French by selecting the French soundtrack on the DVD.
